

FINANCIAL STATEMENTS (Not For Profit Organisations)

You have learnt that Not for Profit Organisations (NPOs) such as Clubs, Hospitals, Blood Banks, Schools, Non-Governmental Organisations (NGOs) creating awareness among people about HIV/AIDs also involve in financial activities. They also maintain books of account to record them and also prepare financial statements at the close of the year. These statements are Receipts and Payments Account, Income and Expenditure Account and Balance Sheet. In the previous lesson, you have learnt the meaning and need for preparing Receipts and Payments Account, items to be taken and also its preparation. In this lesson you will learn about Income and Expenditure Account and Balance Sheet of Not for Profit Organisations (NPOs).

OBJECTIVES

After studying this lesson you will be able to :

- explain the meaning and need of Income and Expenditure Account;
- draw the format of Income and Expenditure Account;
- identify and explain the items exclusive to Income and Expenditure Account;
- prepare Income and Expenditure Account from the given information;
- explain the various adjustments and their incorporation while preparing Income and Expenditure Account;
- distinguish between Receipts and Payments Account and Income and Expenditure Account;
- prepare the Balance Sheet of a Not for Profit Organisation (NPOs).

17.1 INCOME AND EXPENDITURE ACCOUNT : MEANING, NEED AND ITEMS

Notes

Meaning

It is the summary of incomes and expenditures of the organisation of a particular year and is prepared at the end of the year. This account is similar to the Profit and Loss Account of the Business Organisations. In this account revenue expenditure and revenue income of the year for which Income and Expenditure A/c is prepared are taken. That means any amount of these items pertaining to either previous year or next year are not considered. The balance amount of this account is either surplus or deficit. If the income side of this account exceeds the expenditure side, the difference is 'surplus'. In case the expenditure side exceeds the income side, the difference is 'deficit'.

Need of preparing Income and Expenditure Account

Even the Not for Profit Organisations would like to know the net result of their activities of a particular period which generally is one year. Though such organisations do not engage in trading activities and their objective is not earning profits, yet they would like to know whether income exceeds expenditure or vice a versa. The amount of the such difference is not termed as Net Profit or Net Loss as it is so termed in case of business organisations. In case of Not for Profit organisations the net result is termed as 'surplus' or 'deficit' as the case may be. Moreover of a preparation of Income and Expenditure Account is a legal requirement. It helps the organisations to control their expenditure.

17.2 PREPARATION OF INCOME AND EXPENDITURE ACCOUNT

In the previous section the format of Income and Expenditure Account and the items that are usually entered in the account have been explained. Now

Notes

Notes

you will learn how to prepare Income and Expenditure Account from the given items. This account is prepared from Receipts and Payments account and additional information if any. While preparing an Income and Expenditure account, the following important points have to be kept in mind :

A. Steps for Expenditure side

The payment column of Receipts and Payments Account contains both revenue items as well as capital items. Revenue items such as rent paid salary, telephone charges etc. will be entered on the expenditure side of Income and Expenditure Account.

If necessary, adjustments will be made in these items for expenses that are outstanding at the end of the current year and/or were outstanding at the end of the previous year. Adjustment will also be made for prepaid expenses at the end of previous year as well as those at the end of current year.

B. Steps for Income side

The receipt column contains items of revenue receipts as well as capital receipts. Revenue receipts are entered in the income column of the Income and Expenditure Account. Example of such items are subscription, interest on investment, entrance fees etc.

These items need to be adjusted for the amount received for the previous year or for the next year. Similarly, adjustment should be made for outstanding income both at the current year and at the end of the previous year.

There may be other adjustments such as bad debts, depreciation, etc. will also be entered in the expenditure column.

C. Surplus or Deficit

Finally, this account is balanced i.e. difference of the totals of two amount columns is worked out. If credit side is more than the debit side the difference amount is written on its debit side as surplus and if debit side exceeds the credit side, the difference is deficit is written on the credit side of the account.

17.3 ADJUSTMENT OF ITEMS IN INCOME AND EXPENDITURE ACCOUNT

Income and Expenditure A/c is prepared on the basis of Receipts and Payments A/c but there may be certain items which are not included in Receipts and Payments A/c. However these need to be incorporated in Income and Expenditure A/c. Following are some of the most common adjustments to be carried out :

1. Subscription Received

It is an item of income and is of recurring nature. It appears on the Receipts side of the Receipts and Payments account. It may include arrears of previous years which is received in the current year and may also include amount received for next year in advance. There may be an amount outstanding for the current year. Some members might have paid current year's subscription during the previous year.

For the purpose of preparing Income and Expenditure Account, subscription for the current year only is to be taken into account. Hence, there is a need for adjustment to be made for the above reasons.

Various adjustments relating to subscription are made in the following manner :

1. Subscription outstanding for current year

17.4 PREPARATION OF BALANCE SHEET

Not for Profit Organisations (NPOs) also prepare Balance Sheet at the end of the year. The Balance Sheet prepared by a Not for Profit Organisation (NPOs) is not different from that which is prepared by Profit Organisation. It has two sides (a) Assets side and (b) liabilities side. It has only capital items i.e. Assets, liabilities and Capital fund.

MODULE - 3

Financial Statements of Profit
and Not for Profit Organisations

Notes

Financial Statements (Not for Profit Organisations)

The objective of preparing a balance sheet by a Non for Profit Organisation is to show the financial stability, strength and soundness on the last date of the accounting year.

The format of the balance Sheet is given below

Balance Sheet of As at 31st Dec.

Liabilities	Amount Rs	Assets	Amount Rs
Rent outstanding		Cash in hand	
Salary outstanding		Cash at Bank	
Subscription Received in advance		Fixed Deposits	
Building fund		Subscription outstanding	
Capital fund/General fund		Sports material	
Add : Life membership fee		Books	
Add : Surplus		Furniture	
or Less deficit		Building	

Income and Expenditure A/c and the Balance Sheet of NPOs is prepared from the Receipts and Payments Account and the additional information. While preparing Balance Sheet of a Not for Profit organisations (NPOs) certain points are to be kept in mind which are as follows :

1. Assets appearing in the preceding years balance sheet need to be adjusted for any sale or purchase of the asset made during the year and the depreciation provided on the particular asset. Only the adjusted amount will appear in the Balance Sheet of the current year.
2. If any new asset has been purchased during the year it will appear on the payment side of Receipts & Payments A/c, therefrom it is taken to the Balance Sheet.
3. If any loan has been raised it will appear on the receipt side of Receipts and Payments A/c and repayment on its payment side. Net amount will be shown on the liability side of the balance sheet. In the same manner if any advance has been made or some repayment has been made by a person, it will be shown on the Asset side of the Balance sheet as the net amount.
4. Any adjustments made regarding expenses and/or regarding incomes such as outstanding or prepaid will be shown in the Balance Sheet.

5. Any item of liability appearing in the previous years Balance Sheet will be shown at its net value i.e. after deducting from it the amount paid against them.
6. Special receipts like donations for Building etc. will not be treated as income. It will be shown as a fund meant for a special purpose on the liability side of the Balance Sheet.
7. Capital General fund taken from the last balance sheet will be shown after adjusting for the current years 'surplus' or 'deficit'

One important point regarding preparing balance sheet is that before preparing Income and Expenditure Account and Balance sheet of a Not for Profit organisation (NPOs) for the current year. Capital General fund carried forward from the last year should be considered. Besides this, other items of liabilities and assets carried from last year are also need to be adjusted. For this Balance Sheet of the previous year will be drawn with the help of given information. This is termed as opening Balance Sheet. An opening Balance Sheet will be prepared as per following illustration.
